

Read what María and Lola say about the different climates where each of them lives. Which of the climates they talk about is shown in the temperature graph?

Where I live it rains a lot but the temperature does not change much during the year.

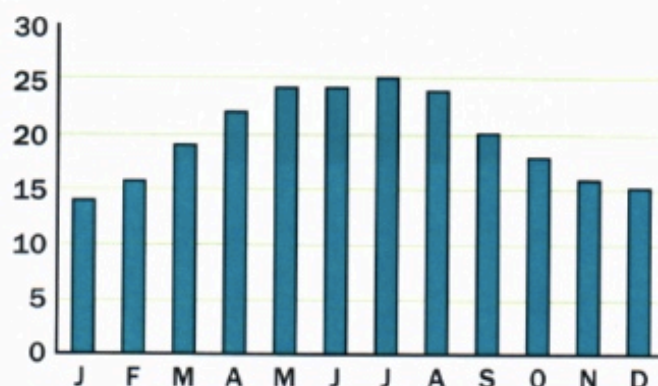

MARÍA

Where I live it is very cold in winter and very hot in summer.

LOLA

The graph shows the climate where lives. It shows a climate. In Spain this climate is found The other girl lives in a place with a climate, which in Spain is found

In an atlas, find the names of five Spanish cities that have the following climates:

Continental climate

Mediterranean climate

Subtropical climate

Atlantic climate
